

INTRODUCTION

This catalog lists all vendors who are approved by Schweizer Aircraft Corp. to perform special processes related to Schweizer manufacturing operations. It is to be used by all Schweizer Aircraft Corp. sub-contractors to procure outside sources for special processes. The selection of only the vendors listed in this catalog is necessary to assure compliance with all Schweizer standards and specification requirements, and preclude unnecessary rejection and costly delays when Schweizer Aircraft Corp receives material.

Please refer any questions to Schweizer Aircraft's Quality Assurance Department, 1250 Schweizer Road, Horseheads, New York 14845.
